

TKO CARBIDE-TIPPED HOLE SAWS

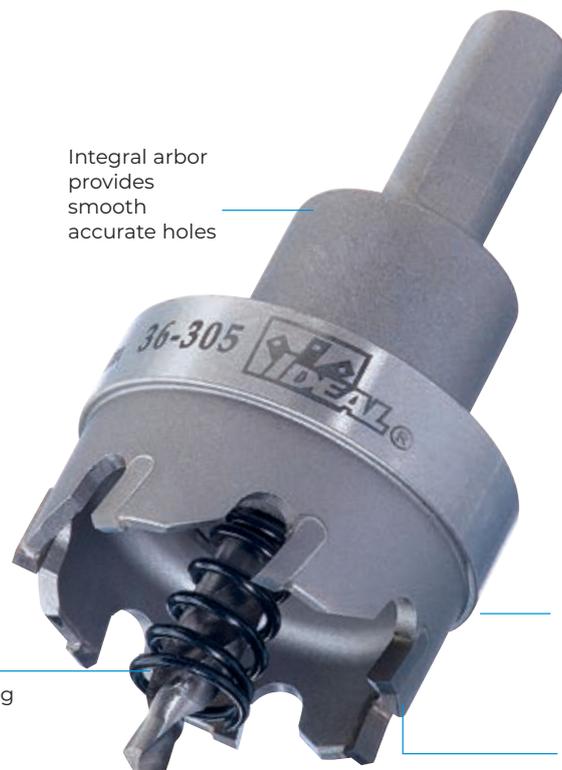

DESIGNED FOR PRECISION AND TIME SAVINGS FOR THE ELECTRICAL TRADESMEN

IDEAL Electrical's line of TKO™ Carbide-Tipped Hole Saws offer the most efficient and clean saw replacement for traditional knockouts, by making smooth holes in a fraction of the time at a fraction of the cost. Specifically designed to cut sheet metal, IDEAL TKO™ saws will even cut stainless steel with their precision engineered ground carbide tips.

The innovative design includes the exclusive SmoothStart™ replaceable pilot drill, which guides the saw to the surface, avoiding saw damage and providing smooth accurate holes. With an integral over-drill flange the IDEAL TKO™ prevents saw penetration beyond the sheet metal. When it comes to quality, performance and durability, IDEAL is the professional's choice for carbide-tipped hole saws.

Quickly drills precise holes without penetration beyond sheet metal.

Integral arbor provides smooth accurate holes

Ejection spring effortlessly ejects slug

Integrated over-drill flange prevents penetration beyond the sheet metal

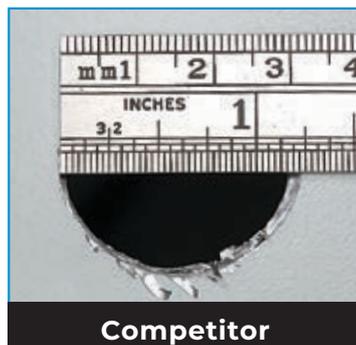

Carbide-tips cut over 200 holes through stainless steel, and outperform HSS cutters and bi-metal hole saws in sheet steel

Exclusive SmoothStart™ pilot drill guides saw to prevent saw damage and provide smooth, more accurate holes.

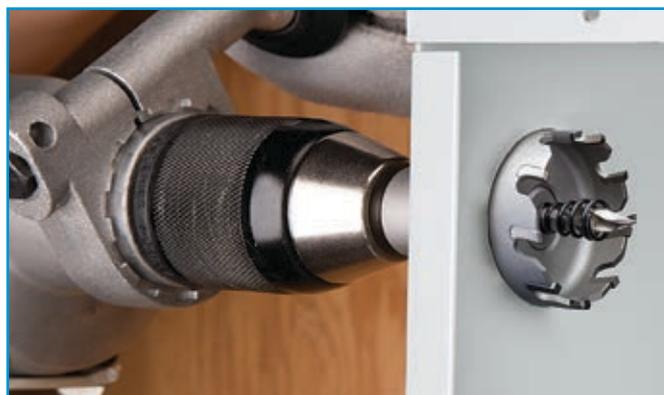

IDEAL TKO™ provides a smoother, more precise hole than competitors'

IDEAL TKO™

Competitor

Exclusive SmoothStart™ pilot drill guides saw to prevent damage to saw head.

Integrated over-drill flange prevents penetration beyond the sheet metal.

Electrician's Kit

Includes 16mm to 51mm saw heads, along with two spare SmoothStart™ Pilot Bits and a convenient carrying case.

Description	Part No.
8-Piece Carbide Hole Saw Kit Includes: Two SmoothStart™ Pilot Bits, 16mm, 20mm, 25mm, 32mm, 40mm and 51mm Saw Heads.	36-380

Carbide-Tipped Hole Saws

Hole Size	Part No.
16mm	36-372
20mm	36-373
25mm	36-374
32mm	36-375
40mm	36-376
51mm	36-377
70mm	36-378
92mm	36-379

9.5mm shank on all hole saws. Max. Material thickness is 3mm

SmoothStart™ Replacement Pilot Drill

Fits Hole Saws:	Diameter	Drill Depth	Overall Length	Part No.
16mm to 51mm	6mm	19mm	51mm	36-381

Available in a full range of sizes from 16mm to 92mm.

To extend the life of your TKO™ Hole Saws, use cutting oil.
